## DETAILED ACTION

### *Remarks*

This Office action is responsive to applicant's amendment filed December 1, 2003.

Claims 1-5, 11 and 26 are pending.

### *Claim Rejections - 35 USC § 112*

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 1-5, 11 and 26 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement, all of record and for the reasons of record.

Applicant's assertion that the coating layer is hydrophilic, since it contains at least one hydroxide, is noted. However, applicant is reminded that attorney arguments are not factual evidence and cannot take place of evidence in the record. The record is absent of any factual evidence establishing that the hydroxides of the coating layer are hydrophilic. Thus, it is maintained that the active material [2] would not be in contact with the electrolyte solution due to the coating layer [3] overlaying the surface of active material [2].

***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
